DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

B. H. GORRELL.

Death Last Week of This Valuable Citizen and Christian Gentleman.

Mr. Benjamin Harvey Gorrell died at his home in this place last Thursday afternoon, June 2nd, 1898, after an illness of several months, with a complication of diseases, aged fifty-seven years. In the death of Mr. Gorrell the community has lost a valuable citizen and the church a consistent and influential member.

Mr. Gorrell was born and grew to manhood in Jefferson county, West Virginia. From there he went to Culpeper, Va., and engaged with his brother in the drug business. At the outbreak of the civil war he entered the Confederate army as a member of the Culpeper Minute Men, and was afterwards a gallant officer in Sturdevant's battery. He was wounded at Petersburg in 1864, and returned to the army after his recovery, remaining in the service until the surrender at Appomattox.

Deceased came to Lexington in 1867 and engaged in the drug business, in which he was successful. He was a member of the Baptist church and was prominent in the councils of that denomination. For twenty-one years he was the honored superintendent of the Lexington Baptist Sunday-school, and for a yet longer period was a deacon of the church. He was also a member of the Virginia Baptist Association. Mr. Gorrell's abilities in his chosen profession were recognized by his associates and he was at one time president of the Virginia Pharmaceutical Association, a position he filled with credit. He also took a deep interest in all that pertained to the Confederate soldier, and was surgeon of the Lee-Jackson Camp of Confederate Veterans of this place.

Prof. H. W. Barclay, principal of the Ronceverte High School, left this morning for Washington. From there he will go to his home at Lexington, Va., for the vacation. Prof. Barclay leaves behind him many friends. He will have a large number of scholars next session. Under his skillful management our schools have been successful the past session, and are assuming proportions in the educational world.—Greenbrier Valley Democrat.

Mr. and Mrs. H. M. Senseney, and daughter, Mrs. W. P. Garrison, of Bloomington, Ill., who visited relatives here last week, left Friday for Middletown, Frederick county, Va. Mr. Senseney left that place more than forty years ago and went West, where he has since lived. It is a remarkable thing of the Senseney family that of twelve children, eight boys and four girls, and although their ages range from nearly fifty to more than three score years and ten, yet all are living except one brother who died several years ago.

Mr. John Sheridan hired a pair of riding horses to two young men for a month who were making a horse-back ride through Virginia. He received a telegram from the parties stating that they were through with the horses and had placed them in the stable at Luray, Page county, where he could get them. Mr. Sheridan sent his son, Dennis, to Luray to bring the horses home. On leaving Luray he went to Harrisonburg where he spent the night, leaving there at 5 o'clock on the morning of June 2, for home.

Some one in the lower Valley had lost a black horse, which he supposed had been stolen. Some one in Harrisonburg informed the party that a young man had passed through there that morning riding a gray and leading a black horse. The gentleman immediately started in pursuit of the supposed horse-thief and followed the young man to the home of Sheriff Sterrett, where his horse gave out. Mr. Sterrett immediately phoned the Palace Livery Stables to look out for the horses.

Dennis arrived home that night perfectly ignorant that he had been pursued all day as a horse-thief.

OUR VISIT TO LEXINGTON.

Augusta County Argus.

Last Thursday the Argus man and all the family except little Virginia went to Lexington to visit our brother, the manager of the telephone exchange. Upon arrival we found him at the station with a carriage and our party, with Miss Leta Watts, were driven to the principal points of interest in this pleasant old Virginia town of pretty residences with lovely lawns, handsome men and pretty women, fine State college buildings and beautiful natural scenery.

We saw the recumbent statue in spotless white marble of Robert E. Lee that we saw unveiled fifteen years ago in the memorial chapel, under which sleep the remains of the great chieftain and his wife and a daughter; the heroic bronze statue of "Stonewall" Jackson standing on a granite pedestal in the beautiful "city of the dead," the office of Lee, with the quaint old furniture, its books and the table at which he sat, his pen and inkstand, his big arm chair and papers lying just as he left them when last he quit the room; the objects of wonder and interest in the museum of Washington and Lee University, the campus of the Virginia Military Institute, with the cadets drilling on the one side and the tents of camp pitched on the other; the elegant Jackson memorial hall, the fine residences of Prof. Harry Tucker, President Wilson, Rev. Dr. Quarles, Hon. G. D. Letcher, Frank T. Glasgow and others; the elegant new county court-house with its modern improvements and facilities, which cost only \$20,000, where we met Judge Houston, County Clerk Shields, Circuit Court Clerk Witt and others, all of whom were found to be very pleasant gentlemen. Young Mr. Walkers showed us through the court-house.

We inspected the central office of the Mutual Telephone Company, whose 100-drop switch board is now full, where we were entertained by the manager and his operator, Miss Louise Fuller, and later met her three sisters, one brother and their mother, all of whom contributed to the pleasure of our visit. Our party had a very enjoyable stay in the "Athens of Virginia" and will be glad to repeat the visit when occasion offers.

[Come again, brother, and bring the whole family—little Virginia, too! The latch-string to Lexington's hospitality always hangs on the outside.—Ed.]

SHAM BATTLE.

The sham battle near Hotel de Hart and Mulberry Hill last Thursday afternoon, in which the cadets of the Virginia Military Institute participated, was a most thrilling spectacle and was witnessed by a large crowd of spectators. There were about two hundred cadets engaged. Companies A, B, and C, Captain B. B. Morgan, took the offensive, and gave battle to Company D, Captain C. W. Watts, which acted on the defensive.

After several hours of continuous manoeuvres, in which was exemplified many phases of military tactics, the conflict was brought to a close and company D had to admit defeat. Positions being taken the day composing offensive advanced and drove their opponents from the A-I, and the latter took position on another hill in the rear, from which place they were routed by an attack on flank and rear.

An interesting feature was the capture of two of the skirmishers on the defensive line. Companies A, B, and C wore white trousers while company D wore gray. The battle was of special interest just at this time when our country is engaged in war, and gave evidence of the splendid military training at the West Point of the South.

COUNTY COURT PROCEEDINGS.

The following wills were entered on record at the June term of the County Court: W. A. Walker with Jos. A. Walker as executor; Sam'l H. Lyle with Thos. A. Sterrett and J. L. K. Kline as executors; B. H. Gorrell with B. H. Gorrell, Jr., as executor. The wills of Mrs. Julia A. Teaford, Benjamin Bush, and John L. Carroll were admitted to record.

The estates of W. L. Ayres, John M. Irvine, Mahala S. Ludrick, Moses J. Ludrick, and R. T. Lucas were committed to a sheriff.

John T. Chaplin resigned as overseer of the poor in Buffalo District and C. L. Reid was appointed and qualified in his stead.

Wm. McKeever pleaded guilty to three of the five charges for selling liquor without license, and he was fined \$20 and costs. The other two cases were dismissed.

The report of commissioners, Hon. Wm. A. Anderson, Col. R. A. Marr, Messrs. C. A. Brady, J. S. Paxton, J. H. Overton, and W. G. Mathews, appointed by Judge Houston at the May Court in reference to the bridge across James river at Greenlee's, was presented and approved, provided the cost to the county did not exceed \$2,500, and that Natural Bridge District would agree to make approaches. The report of the commissioners was as follows: Col. Marr and Mr. Brady on examination found an excellent base for abutments. The Chesapeake and Ohio railway company will not assist in the construction. The bridge can be built for about \$60,000. Mr. G. W. Stevens, general manager of the C. & O., while not speaking officially for the company, intimated that if the county would erect the bridge the C. & O. Co. would probably be willing to furnish the whole of an iron or steel bridge, delivered at Greenlee, and would also give the county the stone in some of the old locks on the North river branch, hauling it free of charge. The C. & O. company would reserve the right to lay a track over the bridge for a branch railway up into Arnold's Valley. Subscriptions from private individuals amounting to over \$500 have been received. The report closes: "We deem it proper to add that the county cannot in our opinion afford not to avail itself of this opportunity to secure a bridge, which, as now appears, can be secured at so small a cost to the county, especially as the very inadequate and unsafe ferry is costing the county and district, as we are informed, about \$400 a year."

The merit of Hood's Sarsaparilla is literally written in blood. It is traced in the vital fluid of millions of the human race. Its positive medicinal merit and curative power is written upon the hearts, and graven upon the minds of thousands of people whom it has cured. And given good health. When there seemed nothing before them but darkness and despair. It cures all diseases arising from or promoted by impure blood by its intrinsic merit as 'The One True Blood Purifier.'

COURT DAY.

In our advertising columns will be found an announcement of Ex-Senator John J. Ingalls' forthcoming book, entitled "America's War for Humanity." Careless agents will find it a book of remarkable interest, and certainly of extraordinary salubrity. The history of the war is told in picture and story, and in a way that always characterizes the brilliant pen of Senator Ingalls. In narrating the incidents of this war he finds grand scope for his superb descriptive and analytical powers. The theme is worthy of the author, and the author is worthy of the theme. It is published by N. D. Thompson Publishing Co., of St. Louis, Mo. It will be a monumental work that will not only be everywhere read, but it will be a monument to his genius that will outlive in history the brilliant senatorial career. The subscription book trade and the canvassing agent are fortunate in the fact that an author of such rare ability has been enlisted in its interest.

WANTED—Salesmen to sell Lubricating Oils from samples on commission. Liberal terms. The Euclid Oil Company, Cleveland, Ohio.

Thos. S. White & Son.

FOR twenty-three years from 1860 to 1883, wheat brought a country over a dollar a bushel in New York city, ranging in price during those years from \$1.16 to \$2.41. We now have had fifteen years of starvation prices for the farmers, and aside from war it is time for a change in favor of the farmer, and he may safely expect better prices for some years to come. Farmers have advanced 25 to 30 percent in Chicago and such centers. This advance should be felt right here. Potatoes, onions and beans will bring fancy prices so long as the war lasts, and every farmer should plant a good patch of each.

NOW with good prices for produce, how to supply themselves from cleaning up purchases we have just made of beautiful Sheer Lawns at 4c. and lovely Organdies at 5c. These goods are as pretty and as fine as you have been paying 10 and 12c. for. These goods are even cheaper than our 4c. Ginghams. There is no "cheap John" lot of stuff, but beautiful fresh goods that will be picked up quick and cannot be replaced.

JUST received a beautiful new lot of Kid J. Gloves. Handsome Table Damask at 20, 25, 35, 50, 75 and \$1.00 a yard. A beautiful line of fresh, new Belts, and among them something especially attractive and entirely new from old town Maine. A fresh supply of Carpet Warp in all the colors.
